SUMMARY

An aspiring IT Student with interest in CyberSecurity and Web Development seeking a full time internship

EDUCATION

Vellore Institute of Technology
Master of Computer Applications

Vellore, TN
July 2023 – May 2025

Teerthanker Mahaveer University
Bachelor of Computer Applications

Moradabad, UP
May 2020 – June 2023

PROJECTS

Link | *HTML, CSS, ReactJS*

March 2024 -March 2024

- * Built a responsive and interactive personal **Portfolio** website using React.js, ensuring optimal performance and fast loading times with Vite's modern build tool.
- * Implemented dark mode to enhance user experience and showcasing projects, skills, and contact information effectively.

Link | *HTML, CSS, ReactJS*

March 2024 – March 2024

- * Developed a **YouTube** clone using React.js and Material-UI 5, ensuring a sleek and modern user interface.
- * Learned Material-UI for creating polished interfaces in the YouTube clone, while leveraging RapidAPI to streamline API integration.

Link | *HTML, CSS, ReactJS*

May 2024 – May 2024

- * Developed a **CodePen** Code Editor clone using React.js and Material-UI 5, ensuring a sleek and modern user interface.
- * Integrated code editor functionality with syntax highlighting for HTML, CSS, and JavaScript, enabling users to write, edit, and preview code in **real-time**

Link | *HTML, CSS, NodeJs, ExpressJs*

April 2024 – April 2024

- * Built a **ChatApp** Implemented Nodejs, Expressjs, and **Socket.IO** to build a real-time chat application facilitating instant user communication.
- * Developed the front-end using HTML, CSS, and vanilla JavaScript, integrating Socket.IO for bidirectional communication between clients and servers
- * Implemented room management functionalities using custom JavaScript functions and maintained user sessions throughout the chat application.

TECHNICAL SKILLS

Programming Languages : Java, Python, SQL

Frontend : HTML, CSS, Javascript, ReactJs, Material UI

Backend : Familiarity with NodeJs, ExpressJs, MongoDB

Tools: Kali linux, Metasploit, Nmap, Nessus, Nikto, BurpSuite, WireShark

Security Frameworks : Familiarity with OWASP TOP 10

Other General Skills and Interests: Linux Command Line, Computer Networking,VMware

Platforms: Solved 30+ labs on PortSwigger

COURSEWORK

- Database Management System: SQL Queries, ER Diagrams
- Data Structures and Algorithms: Arrays, LinkedLists, Stack, Queue, Sorting and Searching Algorithms
- Machine Learning: Supervised and Unsupervised Learning, Regression and Classification Neural Networks
- Cyber Security: Phishing, Social Engineering, Cryptography
- Software Testing: Unit Testing, Integration Testing, System Testing
